

CORPORATE PROFILE

REDEFINE EDUCATION

WHAT WE OFFER

CONSULTANCY SERVICES

Our experienced management professionals provide technical and advisory services to healthcare organizations in the areas like:

- NABH and JCI accreditation
- Hospital Designing and improvement
- Equipment planning and management
- Process Optimization and improvement
- Manpower planning and training

HEALTHCARE TRAININGS

We don't believe in offering the same training program to all the healthcare organizations as we understand that every hospital has different needs. We start with hospital assessment followed by offering them comprehensive range of training programs for the Doctors, Nurses, Allied Health professionals and other support staffs.

INTRODUCTION

"Alliant Academy" is the brain child of young & vibrant healthcare professionals founded with the vision to "Redefine Education".

We are an **ISO 9001:2015** certified organization, providing training & consultancy services to healthcare organizations to achieve quality accreditations like JCI, NABH, ISO etc.

'Alliant Academy' is also an American Heart Association [AHA] authorized International Training Site offering AHA certified programs and other simulation based high quality trainings to healthcare professionals.

OUR RANGE OF PROGRAMS

BASIC LIFE SUPPORT [BLS]

The BLS course teaches both single-rescuer & team basic life support skills for application in both pre-hospital & in-facility environments, with a focus on High-Quality CPR and team dynamics.

ADVANCED CARDIAC LIFE SUPPORT [ACLS]

This advanced course highlights the importance of high-performance team dynamics & communication, systems of care, recognition and intervention of cardiopulmonary arrest, immediate post-cardiac arrest, algorithm, stroke, and acute coronary syndromes (ACS)

INFECTION CONTROL FOR HEALTHCARE PROFESSIONALS

This program is for the participants to acquire the Infection control skills & knowledge required to prevent the spread of infections during their course of work.

PEDIATRIC ADVANCED LIFE SUPPORT [PALS]

PALS program based on the American Heart Association (AHA) guidelines offers an advanced and systematic approach to pediatric assessment.

SKILL ENHANCEMENT PROGRAM FOR NURSES

This training program is designed for practicing nurses to enhance their technical and soft skills. It will help them to have an in-depth understanding of critical aspects in the patient care.

This program is designed to equip health service providers with skills and the knowledge for treating critically sick infants and children.

NEONATAL ADVANCED LIFE SUPPORT [NALS]

NALS course has been designed to teach healthcare professionals an evidence based approach for resuscitation of a newborn.
